A Bill to Reevaluate Current Food and Drug Administration Regulations and Approvals

Be it enacted,

(Article 1)
Line 01: The United States Federal Government shall reevaluate all current
Line 02: Food and Drug Administration (FDA) regulations and redraw the
Line 03: approval process for all regulations through the formation of a
Line 04: new sub-committee, Regulation Advisory Committee, under the
Line 05: United States Department of Health and Human Services.
Line 06: The FDA must go under periodic audits to ensure proper quality
Line 07: and analysis of future drawbacks and benefits
Line 08: of introducing new regulations or approvals.

(Article 2)
Line 09: The current regulations will continue to be implemented until
Line 10: the process of reevaluation has finished, and the prioritization of
Line 11: regulation revaluation will be based on the Regulation Advisory
Line 12: Committee’s discretion and analysis of the status quo on such
Line 13: regulation. Furthermore, the Food and Drug Administration must comply
Line 14: with all directions from the Department of Health and Human Services
Line 15: and will be subjected to audits and random inspection and assessments
Line 16: to ensure continued quality assurance.

(Article 3)

A Bill to Limit Pollution to Conserve United States Wildlife

Be it enacted,

(Section 1)
Line 01: The United States Federal Government will ban the sale of plastic
Line 02: items in state parks, thus protecting the natural environment and its
Line 03: inhabitants. Additionally, The United States will allocate funding for
Line 04: clean-up projects in bodies of water and government protected land.

(Section 2)
Line 05: Pollution is one of the greatest threats to wildlife in the status quo
Line 06: so plastic goods must be limited in these state parks. The sale of
Line 07: plastic goods will be banned in these parks. Next, the United States
Line 08: must look into reducing the current amount of pollution that
Line 09: contaminates water sources. The sewage and filtration system must
Line 10: be updated to find reasonable ways of disposing plastic, and the
Line 11: current supply of plastic and waste in natural environments must be
Line 12: cleaned and disposed sustainably.

(Section 3)
Line 13: The Environmental Protection Agency will oversee the ban of plastic
Line 14: products in state park concessions or other merchandise. Funding for
Line 15: clean-up projects will also go to the EPA who will allocate the
Line 16: funds to regional and state bodies.

(Section 4)
Line 17: The United States will give the EPA funds as soon as possible so that
Line 18: they can begin spreading funds for clean up projects and updates
Line 19: waste management. The ban on plastic will start gradually by first
Line 20: targeting smaller plastic goods like food packaging and then
Line 21: gradually leading to larger targets like plastic water bottles.

(Section 5)
Line 22: All laws in conflict with this legislation are hereby declared null
Line 23: and void. Current existing laws will be required to accompany
Line 24: this universal standard.

Docket A: Economic Bill 3561
A Bill to Amend the Clayton Antitrust Act to Implement a Tax to Reduce Predatory Pricing

Be it enacted,

(Section 1)
Line 01: The United States Federal Government will amend Section 2 of Clayton Antitrust law to implement a baseline industry cost to follow with a penalty tax to restrict corporations from participating in predatory pricing which will increase competition and give choice to consumers leading heightened economic growth.

(Section 2)
Line 06: The concept of Predatory Pricing is a corporation operates at a loss and sells products and services at a reduced price to remove competition. Reduced prices may seem attractive to consumers but once competition is removed corporations will increase prices to recoup the loss. This is why Section 2 of the Clayton Antitrust act prohibits price discrimination that lessens competition but have no measurers for deterrence. The government will have a board of advisors to select a price per industry that a company cannot fall below and will impose a tax on those companies.

(Section 4)
Line 15: The Federal Trade Commission in conjunction with the Department of Justice will oversee the industry baseline cost that corporation will adhere to and enforce the tax on companies that do not follow in line. The Senate would ratify the amendment to the Clayton Antitrust Law.

(Section 5)
Line 20: The United States will ratify the treaty immediately and begin the process of establishing an industry baseline cost and enforcement of tax on companies that do not follow in line. In the span of 15 years, consumers will see increased choices in products and services and oligopolies will no longer have an iron grip over industries.

(Section 6)
Line 25: All laws in conflict with this legislation are hereby declared null and void. Current existing laws will be required to accompany this universal standard.
